VILLAGGIO ROBINIA

 550 x 560 h 250 cm

 850 x 860

 14

 2-10

H. C. 60

Multi-function system in Robinia wood composed of four turrets, two of which have a gable roof.

The raised playing surfaces are placed 30 and 60 cm from the ground and are connected to each other by a bridge on logs, a passage on stumps, a bridge on an inclined trunk with ropes. The Village includes two slides H 60 cm. Around the village there is a raised patio, a stand for role-playing games, and a thematic panel for interaction games (customisable). The structure is made with Robinia trunks with an irregular diameter of 12-13 cm.

Built in Robinia wood harvested in a controlled and sustainable way. The wood is debarked, sapwood removed, sanded and worked by hand to create durable and safe equipment, in compliance with UNI-EN-1176.

Being made of natural Robinia, this article may present a superficial cracking over time which does not cause any problems of durability, functionality and safety.

This item contains a percentage of plastic lower than 1% of the total weight of the structure
