Robinia wooden house equipped with a role-playing table, a wooden wall, a bench and a table.

The house has a characteristic asymmetrical gable roof made with interlocking boards. The supporting structure of the game is made of Robinia trunks with an irregular diameter of 14-16 cm. The structure must be fixed to the ground using metal brackets provided.

Built in Robinia wood harvested in a controlled and sustainable way. The wood is debarked, sapwood removed, sanded and worked by hand to create durable and safe equipment, in compliance with UNI-EN-1176.

Being made of natural Robinia, this article may present a superficial cracking over time which does not cause any problems of durability, functionality and safety.

This item contains a percentage of plastic lower than 1% of the total weight of the structure
