Classic and fun tool, ideal for developing balance and socializing children. The tool is also useful for creating gymnastic and fitness courses. Composed of a horizontal Robinia wood trunk Ø 14-16 cm fixed on two support poles which must be fixed to the ground. The maximum height from the ground is 35 cm.

Built in Robinia wood harvested in a controlled and sustainable way. The wood is debarked, sapwood removed, sanded and worked by hand to create durable and safe equipment, in compliance with UNI-EN-1176.

Being made of natural Robinia, this article may present a superficial cracking over time which does not cause any problems of durability, functionality and safety.

This item contains a percentage of plastic lower than 1% of the total weight of the structure
