4 TENT ROBINIA

 **450x450 h 300**

H. C.

Square shade structure for parks and equipped areas.

The 14-16 cm diameter uprights are made of smooth Robinia wood. The shade awning is made of windproof synthetic fabric. The height from the ground and the inclination of the sheet can be varied during installation depending on the orientation of the area with respect to the sun.

Built in Robinia wood harvested in a controlled and sustainable way. The wood is debarked, sapwood removed, sanded and worked by hand to create durable and safe equipment, in compliance with UNI-EN-1176.

Being made of natural Robinia, this article may present a superficial cracking over time which does not cause any problems of durability, functionality and safety.

This item contains a percentage of plastic lower than 1% of the total weight of the structure
